HDStock™ Carousel Large
HIGH-DENSITY STORAGE

COMPACT STORAGE IN A SMALL FOOTPRINT

TCGRx's exclusive, high-density unit-of-use or unit dose carousel with independent rotating levels, enables technicians to quickly retrieve and stock medications.

- Easy access for refilling

- Fosters first-in, first-out inventory management

- Reduce fill time, space, and labor

- Ideal for unit dose AdherePac™ pouch organization

- No special wiring or floor reinforcement required

- Independently rotating shelves allow simultaneous access for multiple users

- Convert under-utilized corners to high density storage

EASE-OF-ACCESS

Carousel shelving provides ease-of-access and compact storage while drastically reducing the space required to store   your pharmacy inventory.

HDStock™ Carousel Large
HIGH-DENSITY STORAGE

HDStock Carousels allow multiple technicians to fill scripts simultaneously with ease and accuracy.
