

Parata AccuCount[®] 2 Scale

COUNT MORE, FASTER.

The Parata AccuCount 2 scale stores 500,000 drugs, and offers the highest counting speed in the industry. A premium high-capacity scale for an affordable price, AccuCount 2 helps you fill more prescriptions, without adding resources.

- Precisely weigh tablets in seconds
- Easily compound prescriptions
- Ensure accuracy with barcode verification
- 620 gram capacity with 1 milligram readability
- Swiss weighing precision and Class II Scale certification

RX CHECK/NON-RX CHECK

With a 500,000-drug capacity, simply scan stock bottle bar codes or prescriptions to immediately count pills stored in the scale.

COMPOUNDING

With the scale in weighing mode, it's easy to accurately prepare compounded drugs to provide customized medications to your patients.

COUNTING FLEXIBILITY

AccuCount 2 gives you the option to count without scanning bar codes, by manually selecting a sample size.

ENHANCED USER INTERFACE

AccuCount 2 Features:

- New graphical interface with a 12-key control panel (including six multi-function soft keys)
- USB port for communication to host PC
- Option to connect a keyboard and barcode scanner.

AccuCount 2 meets the most stringent legal requirements of State Boards of Pharmacy and is National Type Evaluation Program (NTEP) and MET Laboratories certified.
