

BD Parata Max™ 2

Less time capping. More time caring.

The first and only vial-filling automation system with built-in capping.

You can make real change in patient experiences

Pharmacies today face many challenges that limit the time staff can spend with patients.

78%

of pharmacies with automation offer patient counseling.¹

vs.

28%

of pharmacies without automation offer patient counseling.¹

Growing prescription volumes are stretching teams beyond capacity, while staffing shortages and high turnover make it difficult to maintain consistent throughput.

You can take the pressure of counting, filling, capping and other manual tasks off of your team.

Your pharmacy doesn't stop. Neither should your vial-filling solution.

BD Parata Max™ 2 is a true, end-to-end vial-filling solution that enables continuous and accurate pharmacy workflows by automating every step of the process including capping.

Empower your team to focus their expertise where it matters most—high-impact, patient-centered services.

Automate 97%

of the vial-filling workflow, including capping

120 vials/hour

tackle growing prescription volumes with a high throughput

99.9% accuracy

reduce filling errors and support patient safety

Save 92%

in estimated pharmacist and technician labor costs over 5 years*

More automation. More value. More time for your patients.

BD Parata Max™ 2 accurately fills, documents and dispenses sorted, capped and labeled vials.

That level of true, end-to-end automation frees up valuable staff time for high-impact work, saving an estimated \$290K over 5 years.*

End-to-end efficiency

Continuous workflows that save time and cut costs, powered by built-in vial capping, cell calibration and a two-sided design for simultaneous dispensing and restocking.

Confidence in every vial

Accurate, fully automated vial production, verification through image capture, compliance reporting, and secure storage that minimizes diversion.

Proven. reliable. ready.

Rely on intuitive, best-in-class automation with flexible scalability from a proven leader in pharmacy automation with a 25-year legacy rooted in safety.
