Parata™ Perl™
Pouch Inspector

Complete your pouch packaging workflow with automated inspection that **alleviates time-consuming manual** verification while helping to increase accountability and accuracy. Parata™ Perl™ gives the pharmacy team time to do more.

BD   **Parata**

Make your workflow work for you.

Parata™ Perl™ pouch inspector keeps up with your growing business with scalable add-on capabilities, high-definition inspection technology, and compatibility with both PASS™ and ATP™ pouches.

Highlighted Features:

- Parata™ Perl™ inspects up to five pouches per second.

- Increase efficiency with two powerful, high-definition cameras that identify the contents of each pouch.

- The intelligent, web-based inspection application–accessible from any computer or mobile device in your network–identifies existing drugs and learns new ones quickly.
